Mother's Day Out offers an exciting program for ages eight weeks to four years of age. There are story times, coloring activities, crafts, music, play ground activities, gym games, movies, and much, much more. Children two-years-old and older, learn from the ABEKA curriculum. They also learn the books of the Bible, Scripture verses, and Bible stories depending on their developmental level. We challenge and encourage our preschoolers to love God, each other, and especially themselves. We believe that the preschool years should be filled with fun, learning, and much socialization.
