Trinity Kids Preschool offers an exciting program for ages eight weeks to four years of age. There are story times, coloring activities, crafts, music, playground activities, gym games, chapel and much, much more. Older Toddlers and Two-Year-Old age groups learn from a center-based curriculum which allows for more hands-on play and literacy-based activities. The main goals for these age groups will be social, emotional, and spiritual development. Pre-K 3 and Pre-K 4, learn from the ABEKA curriculum. They also learn the books of the Bible, Scripture verses, and Bible stories depending on their developmental level. We challenge and encourage our preschoolers to love God, each other, and especially themselves. We believe that the preschool years should be filled with fun, learning, and much socialization.
